Carry forward to 2017- 2018			490.50

The school encourages all our pupils to participate in sports clubs offered after school and to support inclusion any family in receipt of free school meals / pupil premium grant is offered clubs at a subsidised rate.

Our PE co-ordinator has developed this area of the curriculum, the resources available and brought in new and exciting opportunities for our pupils to experience and try new sporting activities.

The training opportunities available to the PE Co-ordinator have been invaluable and she has been able to bring these new skills and ideas back to the school and pass these on to the remainder of the staff through INSET provision.

The activities during and after school have been chosen to not only present the pupils with new experiences but to inspire them to try new sports and understand the need for a healthy lifestyle which incorporates sports / exercise. This will be a lifelong lesson learnt.
