Thursday 8<sup>th</sup> November 2018

Dear Parents,

We have had a number of children who have head lice recently. Head lice are common in schools and whilst they are nothing more than a nuisance, it is important that children are checked regularly so that any found can be dealt with quickly and before they can be allowed to spread.

Our school nurse will be in school on **Friday 16<sup>th</sup> November 2018** and will be giving a short presentation with the latest advice around treating and avoiding head lice. She will also be sharing information on managing threadworms, also a common nuisance amongst school-aged children.

This will be at **10am** in the **Infant School Hall**.

If you have any other health concerns about your child, there may be an opportunity to discuss these or to arrange an appointment with the nurse for a more convenient time.

If you would like to attend this presentation, please complete and return the reply slip below.

Yours faithfully

**Helen Child**  
**Deputy Headteacher/Inclusion & Safeguarding Lead**
