10<sup>th</sup> January 2020

Dear Parent / Guardian

We are excited to remind you that Science Week will start on **Monday 20<sup>th</sup> January 2020**. It will be taking place in both the Infant and Junior schools.

This year, the theme is 'Famous Scientists'. Throughout the week, children will be re-creating investigations that famous, real scientists carried out to help them make a particular discovery. They will also find out about how 'modern day' scientists have carried on their work today.

As part of Science Week, we have arranged for Fizz Pop Science to visit from Tuesday 21<sup>st</sup> to Friday 24<sup>th</sup> January. They will be running assemblies and workshops for all children from Reception to Year 6. Children will learn about a range of topics and themes appropriate to their year group, including Darwin's evolution, how rainbows are formed, and 'Hair Raising Electrons'. The workshops will provide an exciting and interactive opportunity for children to get involved in science.

On Friday 24<sup>th</sup> January, we are having a scientific fancy dress competition! We ask that children come into school in costume as a famous scientist or as themselves as a future scientist. We will be awarding prizes for the best fancy dress at the end of the day. Please see overleaf for help with ideas!

We hope you are looking forward to Science Week 2020.

Thank you

Mrs Homer, Miss Wood, Mr Wilson and Miss English  
The Science Team

As part of our Science Week in January, we are having a scientific fancy dress competition! On **Friday 24<sup>th</sup> January** we ask that children come into school in costume as a famous scientist or as themselves as a future scientist. We will be awarding prizes for the best fancy dress at the end of the day.

**Here are some ideas:**

Mary Anning

Charles Darwin

Mae Jemison

Galileo

Walter McAfee

Charles Mackintosh

Ibn al-Haytham

Marie Curie

We look forward to seeing your amazing costumes!
