

Heathfield Schools' Partnership

2nd October 2026

ATTENDANCE

Congratulations to the following classes for the best attendance over the last 2 weeks

INFANTS

1. Birch
2. Magnolia
3. Maple

JUNIORS

1. Thor
2. Loki
3. Osiris

Harvest Festival

Mike from the Upper Rooms came in to talk to the Year 4 children last week. He explained how the Upper Rooms charity provides meals and guidance to homeless people in our local area. He challenged us to bring in some food, cleaning and toiletry items to help the charity. The Year 4s then designed posters and prepared a talk about the challenge. They will do an assembly for the Juniors on Tuesday 6th October and the Infants on Wednesday 7th October.

For the Juniors - the House that brings in the most items wins the first house challenge of the Year and a golf ball.

For the Infants - the Year group that brings in the most wins an extra special break time.

The collections starts on Wednesday 7th - Monday 19th October.

Junior Collection - outside the Junior Hall - Put your items in your house colour box

Infant collection - outside the infant staff room - Put your items in your Year group box

Mike said "I love coming into your school because the children listen so well and ask such thoughtful questions. I love how generous your school community are."

Main items needed:

sugar, vegetable stock cubes, mustard powder, paprika, curry powder or paste, garlic powder, olive oil, sunflower or vegetable oil, chopped tomatoes, coconut milk, spices – cumin, turmeric, chilli powder, chicken seasoning, garam masala, rice (preferably basmati) biscuits, instant coffee, long life milk (1 litre cartons) bleach, toilet rolls, washing up liquid, paper napkins (small), tin foil (catering size preferably) shower gel, shampoo, deodorant, toothbrushes and toothpaste, hand sanitiser.

YEAR 3 SWIMMING LESSONS

Year 3 have started their weekly swimming lessons and the children are excited to head to swimming every Monday. Each week they are building on skills they have learnt from the week before. We can already see the progress they are making in their lessons. Mayu in Hathor says "I like my swimming lessons, it's like I'm a mermaid and they teach me bend, scissor, snap."

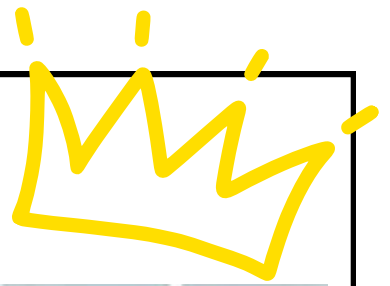

SCIENCE SPARKS

The classroom transformed into a bustling laboratory as the children investigated reaction rates using two special chemicals: potassium iodate and sodium metabisulfite. The children carefully mixed their solutions and watched with bated breath. At first, nothing seemed to happen, but then, in the blink of an eye, the clear liquids instantly flashed into a deep, dramatic midnight blue! This famous "chemical clock" reaction helped the class understand how changing variables can speed up or slow down a reaction. There were audible gasps across the room, and it was wonderful to see the children's faces light up with pure scientific curiosity. Well done to our fantastic future chemists!

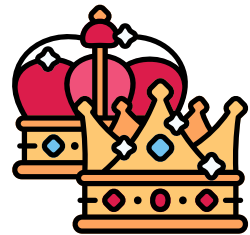

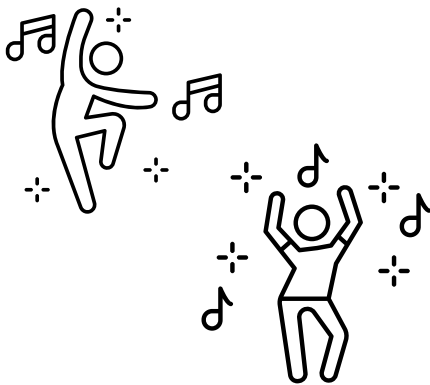

BOUNDLESS DANCE

YEAR 2 - KINGS AND QUEENS

Year 2 have had a fantastic Kings and Queens week and came to school on Tuesday dressed in their finest royal outfits! The day started with a wonderful lesson lead by Lee at Boundless where the children learned a royal dance. Later the children worked together in a DT activity to make castles including all the parts of the castle that they had learned about - including a drawbridge. Finally invitations were written, biscuits were iced and decorated and a Royal Tea Party was enjoyed by all.

YEAR 6 MAYA DANCE WORKSHOP

Lee came in to work with us on a 'Maya dance'. The dance was performed by the Mayan people to worship their many Gods or to celebrate the end of the winter.

All four classes were able to interpret the dance, add their own choreography with their peers and then perform using traditional Mayan music with Kukulcan adding another layer using an instrumental version of a modern day song.

Maisie said: "I really enjoyed the session because we got to work together! Ayan added, "We used traditional Mayan moves, but with a modern day song, it was amazing!"

PARENTS EVENING APPOINTMENTS

Don't forget to book an appointment to meet your child's teacher.

JUNIOR PARENTS EVENING - 12TH & 13TH OCTOBER

INFANT PARENTS EVENING 13TH & 15TH OCTOBER

Appointments available on your Scopay App

Check out Alligator's Mouth Books on the 13th October - JUN HALL

The Club

This week at the Afterschool Club, the children have been enjoying some fantastic activities! They had lots of fun making their own sandwiches and delicious smoothies, followed by plenty of games and outdoor play while making the most of the lovely weather. Next week, we'll be getting curious with some science activities! We still have spaces available, with flexible single session bookings welcome.

Come and join the fun!

To book please call or email above, registration forms are available from the school office.

GIRLS FOOTBALL TEAM

Our Girls Football team travelled to Sheen Mount today for a friendly match to prepare for their upcoming tournaments.

After a hard-fought first half, we held a 2–1 lead. In the second half, Heathfield's girls raised their level, scoring goal after goal until the final whistle, ending the match at 11–1. Sheen Mount have some outstanding players so this was a great team performance from our girls. They showed desire to win every ball and a real hunger for goals.

SEND SPORTS EVENT

Today our school hosted a SEND Sports Morning for local schools including; Archdeacon, Twickenham Primary, St Edmunds, Capella House and Clarendon. Our SEMH Unit/Loki Class also took part and enjoyed the morning. The children had a range of activities to complete, earning points for their school. William from Loki class said, "Everyone really enjoyed the fun games. My favourite was the Shoot Out station where we could throw or kick footballs into targets."
