FUNDRAISING WILL GO TOWARDS

Every year we assess with the school and decide on an area for us to focus where the majority of the money will be spent. Each year group also has an amount to spend.

This year we have fully paid for the renovation of our **FOREST SCHOOL** and added a new **TRIM TRAIL**. We also put on a Christmas Grotto and Pantomime, contributed towards chick eggs to hatch, Egyptian resources, Science Week, Dance Workshops and much more.

The PTA is a vital part of our school enhancing the friendly and open community we have here. It is run entirely by volunteers organising events and donations. We need your help to continue to support the amazing work.
