

## Hanworth Junior Parkrun - 23/09/2018

### Rain does not stop play!

**It was a morning for the bravest of runners as the heavens opened at about 4am the night before the parkrun and did not relent until the run was long over.**

**27 runners and 11 volunteers were not deterred and took on the wet, 2 kilometre course with great enthusiasm. Far from dampening enthusiasm, the rain created wonderful smiles on all of the runners' faces.**

**All children who attended not only earned 3 points for their house, but also were awarded an AAB in whole school assembly. AAB stands for Above And Beyond, all the adults at the run thought that the children showed this by running with such enthusiasm in such terrible conditions.**

**The house competition will be running for the next three weeks. We'll see you the same time next week, 9am, Sunday morning at Hanworth Park.**
